

Kornit Apollo

- Digital printing goes mainstream with unmatched productivity of up to 400 impression per hour (standard setup on printing up to 12.5"x13")
- Integrated printing and curing solution
- Highly automated system that can be handled with a single operator

Value Proposition

- 1 Productivity- up to 400 impressions per hour**
 - Low TCO
 - Short lead time
 - Predictable output
- 2 Low labor**
 - Reduce your headcount
 - Less skilled staff to hire and retain
- 3 Fleet Utilization**
 - Free up your large carrousel and produce more short to medium orders
- 4 Reduced Energy Consumption**
 - Reduced energy bills: one dryer to replace the output of 3 conventional ones
 - Improved sustainability
- 5 Max print quality**
 - Vivid colors
 - Print durability
 - High color fidelity
 - Pantone matching
- 6 Smart production**
 - Seamless process optimization
 - Easy access to data and insights

Apollo innovation – what are we doing different?

- Ground-breaking productivity with a single operator
- Semi Auto loading – reduces the dependency on labor
- Automatic unloading of garments from the printer directly to the dryer
- Tesoma technology with Smart capabilities
- Qualiset for top notch color consistency
- Spot colors support to allow color accuracy when needed

Max Technology

Print quality that comes with the field proven Max technology.

Eco-Rapid Q.x – It creates a uniform white underbase and excellent color coverage even at the highest printing speeds.

Tesoma technology

Streamline your production, one system for all curing processes without manual adjustments.

Audience / Target Market

Large and Mega screen printers

- Looking for an option to be more efficient for their shorter runs than their current analog solution
- Annual revenue greater than \$10M
- More than 10 carrousel

Eco-Rapid Intensifier – creates a bond between the different inks, improving wash and rub-fastness. The effect is especially apparent when semi-transparency and color-knockout are used.

Smart capabilities and innovative design allows consistent curing.

Mass customization Print On-demand fulfillers

- That have an annual volume greater than 700K impressions
